

SODIUM

A Coffee House for the Family and a showcase for art, music, science, and life enrichment. An innovative community connection point for relationship beyond acquaintance. A movement that breaks socioeconomic, class, denominational, and ethnic barriers, encouraging individuals to invest in each other.

CONNECT

Sodium™, the element, allows your body to keep proper balance at the cellular level - allowing water to flow inside each cell and out.

REFUEL

Sodium™, the organization, helps you keep proper balance in your life by giving you a chance to relax and engage.

America's Fast Paced Culture has very few places for the entire family to find relaxation and enrichment.

We have access to unlimited information... yet we find it hard to learn and grow in what matters most to us.

The world has more ways to communicate than ever before, yet we have less face-to-face interactions.

Sodium™ is the catalyst – a coffee house environment for activities and events to help our families to connect, refuel, and thrive.
